

SELECT MANAGER
FOR CHAUTAUQUA

G. D. Cleworth, Noted Educator, Will Be In Charge In This City

Following a rousing three day conference of the superintendents, and officials of the Lincoln chautauquas at the Hotel LaSalle, Chicago, assignments for the circuits were announced, giving the names of the Lincoln Chautauqua towns where each superintendent and Junior Supervisor will spend six busy, happy days this season.

It will be of interest to the people of the city to know that they will have as their superintendent and Junior Worker this season two very prominent and popular people, who will become citizens of the city for the six days of chautauqua season.

Elbert R. Moses, was named as manager of the circuit in which Rhinelander is located. Mr. Moses is a chautauqua and platform man of long experience, and a well known lecturer. His activities on the circuit will be to the end of making the Lincoln season the best ever had in every town. He will be in the city to cooperate to that end with the local committee.

Miss Maye Conklin who will be Pageant Director for Rhinelander, is a graduate of the Chicago School of Civic and Philanthropy, and through her ability the big patriotic pageant to be given on one day of the chautauqua will be a big event. The Superintendent for Rhinelander, Wis., will be Mr. G. D. Cleworth who has been prominent in public life, and a speaker and educator of note. Miss Maryon Alexander will be the young lady in charge of the work among the children for the week. She has had special college training for her duties, and the young people of the city will be richly benefited by her week among them.

AUTO RACER HERE

Stanley Jewell, Jr., of Fort Worth, Texas, visited his uncles George and Willis Jewell last week. This is the first time Stanley has been north to see his relatives. His father spent one summer here 32 years ago for his health, but shortly after died and his widow moved to Denver where she died. Then Stanley got into the automobile business and went to Texas. He is with the A. K. Mitchell Auto Co. He came to this city by the way of Detroit where he visited the factories represented by his company. His father was an old time printer, having been connected with the Berlin, Wis., papers and later with the Waukegan Argus. Stanley was much impressed with our lake region and promised to return next summer with his family for a prolonged stay. Stanley followed the auto racing game for a number of years and has been in many an exciting race.

ARMED MEN GUARD
CHEMICAL PLANT

If you should go to Phelps and find an armed guard barring you from the grounds of the Wisconsin Chemical Company, don't argue unless you have credentials showing you are privileged to visit that plant, states the Vilas County News. Beginning this week an armed guard will be inaugurated by that company, the same having been suggested by federal officials during these stirring times of war with Germany and the I. W. W's. As this company manufactures alcohol and numerous by-products of commercial value to the government, this precaution is well taken.

CHICAGO MAN PRAISES CITY
B. Simonson of Chicago, who with Mrs. Simonson, has spent the last month here the guest of their daughter, Mrs. F. R. Stone, is greatly impressed with Rhinelander and says it is one of the prettiest and most enterprising towns for its size he has ever been in. He has made several trips into the country since he has been here and the many fine farms is a source of surprise to him. Mr. Simonson has been a resident of Chicago thirty-five years.

RACE MEET
SUNDAY SURE

Officers of the Rhinelander Driving Club announce that the race meet advertised to take place on the fair grounds track next Sunday, July 29, will not be postponed. The officers are of the opinion that the meet will boost rather than hurt the Chautauqua. People from nearby towns are expected here to see the races and it is safe to state that many will remain to attend the evening program at the Chautauqua. "Let folks know that the race meet will positively be pulled off Sunday and nothing but bad weather will hold it up," said Joe Hartley, one of the club members, today. "If we thought our show was going to put a crimp in the Chautauqua there would be nothing doing."

MANY SILOS IN
ONEIDA COUNTY

Number Increases From 34 In 1914 To 195 In January, 1917

Oneida county's intensive campaign for more silos is coming to a whirlwind finish. W. D. Juday, county agricultural agent, the man who has talked the county's total of 34 silos in 1914 up to credited total of 195 in January, 1917, is on the job with his usual zeal. Farmers' clubs and newspapers are with him in the drive, and the next official silo census taker will find many more of these towers of prosperity to tabulate.

According to a national survey compiled by Hoard's Dairyman in the summer of 1916, the grand total of silos in the United States amounted to 330,160. Wisconsin leading with 55,992 and New York following with 42,846.

Wisconsin's silo census has increased since then, the latest figures placing the state total between 58,000 and 60,000, as estimated by the crop reporting bureau of the United States Department of Agriculture. The national surveyors reported five states with more than 20,000 silos. These were Illinois, Iowa, Ohio, Indiana, and Pennsylvania. Michigan, Minnesota, Missouri and Vermont possessed more than 10,000 and less than 20,000. One state had but three silos.

The same authority gives the average capacity of Wisconsin silos as 120 tons. New York's average silo capacity is 62 tons, while an eastern state is the smallest of all, the silos there being rated at 40 tons average capacity. The largest state average is in Colorado, the 1,600 silos there having 150 tons capacity.

Wisconsin counties are all taking active part in the statewide silo building campaign now in full culture, the State Council of Defense, and local farm bureaus in charge of temporary field agents or regular agricultural representatives.

Members of the Wisconsin Bankers' association are presenting a solid line in the silo advance, and are offering financial aid to farmers who need funds for this purpose. The bankers know that a silo is a worth while investment. They know that it takes money to increase production, and they are willing to meet the farmers half way.

CHIEF STRAUB
WARNS LOAFERS

Are you working? If not you had better find a job and get busy or you are liable to get in bad with the authorities.

Chief of Police Maurice Straub declares that the Huber law dealing with vagrants is going to be enforced to the letter in Rhinelander. No loafers or hangers-on will find this city a comfortable place of residence, according to the chief.

A man need not be a tramp to be arrested for vagrancy. If an able bodied man is continually unemployed, he is a vagrant and can be made to work.

CAUGHT IN ROLLS

Earl Marquardt, who is employed in the machine room of the paper mill, had a close call from death while at work in the mill Friday night. While attending to a paper "break" in one of the machines his arm was caught between the rolls. Only promptness on the part of his fellow employees in stopping the machine saved Earl from being fatally injured. He escaped with a broken arm and a few minor bruises.

The Flag

With the Stars and Stripes floating in the breeze wherever we turn our eyes, we scarcely need to have our attention called to their beauty and significance. Yet such verses as these, with their reminder of the imperishable things for which we are fighting, give added meaning to the colors—help to keep burning the white flame of patriotism without which no victory can be possible.

Stars of the early dawning, set in a field of blue,
Stripes of the sunrise splendor, crimson and white of hue;
Flag of our fathers' fathers, born on the field of strife,
Phoenix of fiery battle, risen from human life
Given for God and freedom—sacred indeed the trust,
Left by the countless thousands returned to the silent dust!

Flag of a mighty nation waving aloft unfurled,
Kissed by the sun of heaven, caressed by the winds o' the world;
Greater than kingly power, greater than all mankind,
Conceived in the need of the hour, inspired by the Master Mind.
Over thy living children, over the laureled grave,
Streaming on high in the cloudless sky, banner our fathers gave;

Flag of a new-born era, token of every right
Wrung from a tyrant power, unawed by a tyrant's might;
Facing again a menace outflung from a foreign shore,
Meeting again the challenge so bravely answered of yore;
Under thy spangled folds thy children await to give
All that they have or are, that the flag they love shall live.

—Charles G. Crellin in The Eagle Magazine.

GROWERS APPLY
FOR SEED WORK

Numerous applications for places on Wisconsin's list of certified seed potato growers have been received at the department of horticulture, University of Wisconsin, in charge of this part of the campaign for better food crops.

On July 1, when all applications were supposed to be filed, a total of 148 names had been listed. These growers own farms in 28 counties of the state. Barron, Oneida, Portage and Waupaca counties sent in the largest number of applications.

Farmers who enter the work must use standard of high quality in their plantings and their fields are subjected to two examinations by competent inspectors sent from the College of Agriculture. The inspections are made at blossoming time, and later after harvesting, when the potatoes are in the bin.

Some rejections are usually made at the first inspection because of varietal mixtures, diseases, bug injury, or burning of foliage caused by arsenical poisoning. Inferior tubers are thrown out at the second, or bin inspection. Growers whose stock passes the two inspections are finally listed officially and guaranteed tags for their product are issued to them about Oct. 15. Fees are charged the growers sufficient to cover all costs.

This is the third year of potato certification work in Wisconsin, which was the first state to adopt the plan. About 41,000 bushels of certified seed potatoes were produced by 80 growers living in 20 different counties in 1916.

SOLDIERS HAVE PIE FEAST

Rhinelander's boys in olive drab enjoyed a feast of pie Monday, for which they extend their gratitude to Kirk's bakery. There were three dozen assorted pies in the bakery's gift and those who have partaken of Kirk's pies can imagine the relish with which the company boys devoured them.

SOLDIER BOYS
HAVE PICNIC

Tuesday was a big day for members of Company L. At the invitation of a number of citizens the boys were entertained at a real old fashioned picnic in the town of Sugar Camp that afternoon. Auto owners placed their cars at the disposal of the company and others who made the trip. The afternoon was devoted to various forms of recreation, including water sports. Ladies of the city generously provided the lunch, which would make the menu of the Ritz resemble a hobo's hand-out. There were delicacies of every conception and the boys filled up until compelled to loosen their belts to the last notch.

FARMER CATCHES
MAMMOTH PIKE

Many old time fishermen claim that the wall eyed pike exhibited in the Nichols Hardware company's display window Tuesday was the largest fish of its specie ever caught in Oneida county waters. The fish was taken from the Wisconsin river Tuesday morning by C. Johnson, a farmer, and weighed eleven and three quarters pounds. It was a perfect fish in every respect.

Mr. Johnson sold the prize to Bud Nichols for \$2.25. After being on display all Tuesday afternoon, Bud took the fish home where it was served at a dinner in honor of Mrs. Nichols' birthday.

LIEUT. SWEDBERG HERE
Lieutenant Arthur Swedberg of the United States army arrived Wednesday from Rock Island, Ill., and is the guest of his parents, Mr. and Mrs. John Swedberg. Lieut. Swedberg is one of the Rhinelander boys who will doubtless do credit to himself and his home town in the present war.

GAGEN LUMBER CO. WILL
BUILD MILL IN MONICO

James Murphy of Monico is authority for the statement that the Gagen Lumber & Cedar company, whose saw mill in Gagen was destroyed by fire a few weeks ago, have decided to rebuild the plant in Monico.

Mr. Murphy, while in this city Wednesday evening, stated that Monico will give the company a bonus of \$5,000 toward rebuilding the mill and that he has donated the site. F. H. Piehl, manager of the company, has assured him that the offer will be accepted and the work of erecting the mill will be commenced shortly.

Monico people are rejoicing over the good news. The building of the mill will cause a large number of families to locate in Monico and the future prosperity of the village is assured for many years.

ONEIDA EXEMPT
IN FIRST DRAFT

This County Will Not Be Asked To Furnish Men Now, Says Holway

Adj. Gen. Orlando Holway has announced that Wisconsin will be called upon to furnish 12,876 men in the first draft. Credit will be given to Wisconsin for men who have enlisted in the National guard and the regular army from April 2 to June 30.

Under this ruling the city of Milwaukee will be called upon to furnish 2,911 men while in the county of Milwaukee 612 men will be drafted.

The cities of Oshkosh and Green Bay will escape the first draft, having provided their full quota in the National guard as well as volunteers in the army.

Counties to escape the draft will be: Douglas, outside the city of Superior; Forest, Lincoln, Oneida, Price and Washburn.

Quotas according to counties, follow:

Adams	82
Ashland	30
Barron	180

STEALS AUTO
FOR JOY RIDE

Neil Tates is in the county jail awaiting trial on the charge of joy riding in an automobile without the permission of Al. Lettner, owner of the car.

Tates, it is alleged, found the car on one of the roads near this city where it had been left by Mr. Lettner. While the young man was driving the car he is said to have steered it into a ditch and left it there. The machine was damaged when recovered by the owner.

Tates was arrested Monday afternoon by Chief of Police Straub and arraigned before Judge C. F. Smith. He pleaded guilty and was bound over to circuit court with bonds fixed at \$1,000.

LIGHTNING HITS HOUSE

Last Thursday night lightning struck the house of Frank Lowney in the town of Sugar Camp, doing quite an amount of damage. This is the same house which figured in a dynamite explosion two days before.

SEE DRILL AND
HEAR CONCERT

The Battalion Drill by Co. L last night was an exhibition long to be remembered by the parents, friends, and citizens of Rhinelander.

Those of us who have been fortunate enough to see the three regiments drill on our state camp grounds can say that the work done last night by Company L was a very good illustration of the drill at Camp Douglas. The one company divided into four companies, each company with six squads. The officers, buglers and drummers made a picture that will loom before our eyes in years to come.

The parade headed by the Rhinelander City Band marched from the Armory on Stevens street, then to Brown, then Davenport to the court house where the exhibition took place.

Following the drill the City Band played the following concert. Invercargill March, Lithgow, Summer Eve, King.

I'll Wed the Girl I Left Behind, One Step, Dillan.

Grand Military Fantasia, Rollinson Soldier Boy, (dedicated to the National Guards of U. S. A.) Song, Band Acc.

Oscar Nelson, a member of Co. L, Festal Overture, Hazel.

Boston Commandary March, Carter.

Closing with Star Spangled Banner. The large crowd stood in silence as the last number was played, as the last note was sounded every member of Co. L saluted the large flag that waved from the front of Oneida county's court house just above the band.

KIDDIES HAVE
GLORIOUS TIME

Half a thousand delicious ice cream cones, together with stacks of "hot dog" sandwiches and other good things to eat, were devoured by the little boys who were guests of the "Big Brothers" of the local Elks' lodge at the Conno cottage Sunday. The youngsters will long remember the picnic as one of the jolliest events of their boyhood days.

Charles A. Conno, leader of the "Big Brothers" here, planned the festivities and left nothing undone which might add to the pleasure of his young guests and Elks who accompanied them.

The boys were taken to the cottage in autos and from the time of arrival until departure, late in the afternoon, there was not a dull minute. Bathing in Moon's lake was one of the chief pastimes and there was also a program of athletic contests. That the "Big Brothers" enjoyed the occasion wholly as much as their young charges was indicated by the care free manner in which they disposed themselves.

When it came to the eats everybody fell to with a relish and the rapidity with which the delicacies disappeared would put the appetite of a gourmand to shame.

RAY McDERMOTT
NOW LIEUTENANT

Raymond McDermott, son of Thomas McDermott of this city and a former member of Company L, is now second lieutenant of the Hibbing company of the Minnesota National Guards. His promotion came on July 16 and speaking of it the Hibbing Tribune said:

"Raymond McDermott was appointed second lieutenant last evening and will take the place of lieutenant Gallis who will be unable to come here. McDermott is a Hibbing boy who has worked his way up from the ranks and his appointment comes as a source of pride to his many friends."

Raymond's friends in Rhinelander are also glad to hear of his promotion and feel that he will make an efficient officer. While Hibbing claims him as a home product he is really a Rhinelander boy, having been born and raised in this city.

MAX SETTLES
WITH URBANK

Max Wasserman, who was arrested two weeks ago on complaint of A. G. Urbank, the well known horse dealer, was released from custody Friday. Max made a satisfactory financial settlement with Mr. Urbank, and the latter agreed to drop further prosecution.

Mr. Urbank had given Max several opportunities to return the money which he alleged Max owed him, but to no purpose. It was not his desire to send the young man to jail and he caused his arrest as a final resort.

PERSONAL AND SOCIAL

Mr. Dixon returned to his home Saturday.

William Jamieson was the guest of his sister, Mrs. E. H. Keith this week.

HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on? Do you have throat troubles?

You should certainly take Scott's Emulsion of pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood while the glycerine in Scott's soothes and heals the tender membranes of the throat and lungs.

Scott's is prescribed by the best specialists. Get it at any drug store. Scott & Bowne, Bloomfield, N. J.

Miss Verona Richter is visiting in Stetsonville.

Miss Mary Olson is the guest of Tomahawk friends.

Mrs. Claude Shepard is the guest of Wausau relatives.

Mrs. J. Kettner visited her husband in Wausau this week.

W. D. Harrigan returned Friday from an eastern business trip.

Mr. and Mrs. Ira Smith of Cassian were city callers Monday.

Miss Hobler of New London is the guest of Miss Margaret Shelton.

Mrs. J. Wilde and daughter have returned from a visit in Michigan.

James Sands is spending the week with Michael Dolan at the Hotel Alpine.

FOR SALE—Modern nine room house on Eastern Ave. Price Cheap. Terms Easy. Enquire at Hennings' Restaurant.

Mrs. Charles Oestreich and children are visiting wood county relatives.

Father Russell Vaughan of Merrill was the guest of relatives here Friday.

Miss Manilla Charry, of the Goldstone store is having her vacation this week.

Miss Ella Gillan went to Escanaba Sunday to attend the McEachin-Blake wedding.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hays' Catarrh Cure. Send for circulars free.

P. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hays' Family Pills for constipation.

Miss Ida Erickson is here from Wausau a guest of Rev. and Mrs. C. J. Silfversten.

Heine's orchestra furnished music for a dancing party in Winegar Saturday night.

Miss Stella Michaelson of Dunbar is the guest of Miss Edith Usher and other friends here.

Mrs. Herman Zander returned the last of the week from a visit with Chicago friends.

Harold Matteson returned to Oshkosh Monday after a brief visit with friends in Rhineland.

Mrs. J. C. Kusch of Sheboygan Falls arrived here Saturday and is the guest of friends.

COOK WANTED—Capable cook, good wages. Second girl employed. Write Mrs. R. B. Goodman, Goodman, Wis. Jul 42-26

Miss Gina Kongstein of the New North office is on her vacation and Miss Verna Durkee is filling her place.

Miss Sarah Hafner of Nashville, Mich., is making an extended visit with her brother, A. Hafner in this city.

SIDENN

Near Kathon Lake
Old Dam Lake Road

Alfred Hoag, county clerk of Vilas county, and family were over from Eagle River this week visiting relatives.

Miss Hannah Colberg was honor guest at a party given at the home of Miss Emma Jolitz, 333 Thayer street Thursday night.

John C. LaPage, one of the best known woods foremen in northern Wisconsin, shook hands with Rhineland friends Friday.

Miss Edith Usher and brother, William, held a house party at the Johnson cottage last week for their guest Edward Dixon of Chicago.

Cut rates on household goods to Pacific coast and other points. Superior service at reduced rates. The Boyd Transfer Co. Minneapolis, Minn.

Mr. and Mrs. J. H. O'Melia and Miss Margaret O'Melia returned Saturday from their auto trip to Fond du Lac, Oshkosh and Milwaukee.

M. H. Barton will be in Appleton Friday and take the physical examination necessary for admittance to the second officers' training school.

Mrs. D. J. Cole has purchased the residence of Charles Lyman at 232 Grant street. Mr. Lyman says that the sale does not mean that he will leave Rhineland—at least not for some time.

Matt Kristensen, accompanied by Mr. and Mrs. John Frank of Donaldson, left Monday night for Milwaukee and will return in a new Reo sold to Mr. Frank through the Kristensen agency.

Chief of Police Straub returned Friday from Kenosha where he attended the annual convention of Wisconsin police chiefs. Nearly every chief in the state was present and a pleasant and instructive meeting was had.

Sidney Raymond was again arrested July 18th on complaint of the E. W. Clark Motor Car Company, charged with unlawful issuance of checks without funds in a bank and will have his hearing before Justice Croning July 31.—Crandon Republican.

Charles Keifer and Elwood Patchin of Indianapolis were in Rhineland Sunday on their way to Knapp & Jones' resort in Sugar Camp. Last year Mr. Keifer caught a 23 pound musky in Indian Lake and expects to eclipse that record on this trip. Ju26-A30.

OREGON & CALIFORNIA RAILROAD CO. GRANT LANDS

Legal fight over land at last ended. Title vested in United States. Land, by Act of Congress, ordered to be opened under homestead laws for settlement and sale. Two million three hundred thousand acres. Containing some of the best timber and agricultural lands left in United States. Large copyrighted map showing land by townships and sections, laws covering same and description of soil, climate, rainfall, elevations, temperature, etc. Postpaid one dollar. Grant Lands, Locating Co., Portland, Oregon. Ju26-O11

NEWSY NOTES OF NEARBY TOWNS

Harley—

Arthur Waltonen, the barber, who was captured in Ironwood last September and taken to New York City, where he was convicted for the murder in September, 1911, of Mrs. Elizabeth Nichols, a wealthy widow, paid the penalty for his crime on Thursday evening of last week when he was electrocuted at Sing Sing prison. Waltonen was found guilty of murder in the first degree on January 26th and sentenced to death. Efforts were made to have Gov. Whitman of New York commute his sentence to life imprisonment but the governor refused to take any action.

Stevens Point—

When he fell asleep on the main Soo line track at Milladore, while his train was on the siding. Student Fireman Herbert Linden, aged 24, Medford, was struck and instantly killed by a limited train Thursday morning. Linden was making the run from Irvine to Stevens Point on a freight train. When the freight arrived at Milladore, it took the siding at that place to let the limited train pass. The regular fireman, head brakeman and Linden got off the train and sat down on the rail of the main track. After a time the regular fireman went back to the engine of the freight and the brakeman went to take care of a nearby switch. Linden still sat on the rail. His fellow-workmen did not pay any attention to him until after it was seen that he had been struck and killed by the limited. It is presumed that he fell asleep on the rail.

On three different occasions during the past four years some person, evidently without sound mind, or perhaps jealous of Chief Harris' position, or that of one of his men, cut valuable fire hose so as to make it practically worthless there after. These tricks were undoubtedly committed while the firemen were busily engaged fighting a fire, there always being a quantity of reserve hose left on the trucks. The latest occurrence was sometime between the Bradley fire on June 15th and the Metropolitan fire on July 9th. On the latter date, with a stubborn blaze to fight, a practically new section of hose burst shortly after the water was turned on full force, seriously hampering and handicapping the firemen; for every second meant a loss of many dollars, and it takes several minutes to couple on a new section.

Park Falls—

With a total of sixty-three houses now occupied and thirty more in course of construction, the Park Falls Lumber Co. on Wednesday awarded the contract for another big addition to their new "White City." This latest addition will consist of twenty houses. Work on all the houses will be rushed to completion as rapidly as possible as it is hoped to secure as many men as possible who will make their permanent homes here, giving the company a full crew of steady dependable employees and enabling them to operate the mill day and night the year around.

Wittenberg—

Thursday the little three-year-old son of Mr. and Mrs. Hains, who live just west of Lyndhurst, was playing on the track when the morning train going toward Eland came along. The engineer, seeing the little fellow, made a record quick stop but did not accomplish it in time to keep the engine from running over the child. He dismounted from the cab, looked under the engine expecting to find what he feared not express and to his astonishment and great delight, he found the child apparently unhurt. Upon closer examination, he discovered that two fingers had been partly cut off. The incident was one of those miracles which only happen in several lifetimes.

Daily Thought.

If we are indeed here to complete and perfect our own natures and grow larger, stronger and more sympathetic against some nobler career in the future, we had all best bestir ourselves to the utmost while we have the time.—Stevenson.

ARMY TO TRAIN FOR 8 MONTHS

Men Called Sept. 1st To Get Full Instruction Before Entering Field

Except for specialized troops none of the new national army, which the war department intends to call to the colors about Sept. 1st, will be sent overseas for at least eight months after that date.

A statement to this effect was made on Monday at Washington by a high official of the department and came in denial of reports that the plan is to begin sending units of the selective army to France about Oct. 1st.

"Such reports are absurd," this official, who happens to be an army officer, declared. "Of course, a few units, such as engineers may be sent very soon, but the mobile forces, the infantry and the artillery, will be kept in the cantonments for several months."

The principal reason that the national army will be kept in American training camps for from eight months to a year is that were the government disposed to send these soldiers across the ocean ships probably will not be available.

The regular army of 300,000 men and the National Guard of 400,000, which may be increased to 600,000, will be sent to the trenches before the drafted army. Estimates of the number of troops that can be transported monthly now range from 20,000 to 60,000. Forty thousand probably is very near the capacity of ships and convoys now available.

The number that can be handled will increase monthly. It is not unreasonable to assume that the government will be able to put from 500,000 to 600,000 men in Europe in eight months. This number will total approximately the National Guard and regular army strength to be used overseas.

The war department has given no inkling of how much training it is expected to give American soldiers after they reach France.

POTATO BUGS GETTING BUSY

Some potato growing sections of the state are now badly infested with the common "potato bugs." colonies of eggs are now hatching and between the dates of July 12th and July 25th the active feeding stage will be in full swing.

Haying time is now here, also and the rush of this work may interfere with potato bugging work.

Potato growers as a rule probably realize the need of prompt work now. The lack of good machines for covering the vines promptly is especially apparent in central Wisconsin. Many growers, as usual, will be unable to do the best work on account of depending upon hand methods exclusively.

J. G. Milward, after an inspection trip through the main potato belts, reports the condition of the potato crop excellent with the exception of bug infestation in some sections.

The use of Bordeaux mixture at this season of the year is on the increase in control of the flea beetle and to prevent arsenic burning of the vines. Send to the Horticultural Department, Wisconsin Experiment Station for spraying directions.

BARLEY BREAD

Mrs. R. A. Moore's Recipe
1 pt. milk and 1 pt. water or
1 qt. potato water
1 lb. sugar
1 t. salt
1 lb. shortening
1 cake compressed yeast.
Scald milk, add water, dissolve yeast cake in a little warm water. Add sufficient wheat flour to make a stiff batter. Let rise. When light

add salt, sugar and shortening and enough barley flour (sifted) to make a stiff dough. Turn out on board and knead until light and elastic. Let rise. Form into loaves. Let rise until about twice the size in bulk. Bake one hour.

Dry yeast can be used by setting sponge in the evening. Proceed same as with compressed yeast. Barley bread can be made in the proportions of one-half wheat flour and one-half barley flour or one-third wheat flour and two-thirds barley flour.

Avoiding Brain Storms

One of the first effects of war is a rapid shifting of values such that has been gradually instilled into our minds and habits through the slow processes of civilization we are called upon to abandon on a moment's notice. The young man's fighting instincts, for example, which were restrained by the strong arm of the law are, on the outbreak of war, rekindled by every device.

Along with the necessary abandonment of ordinarily praiseworthy characteristics there go some other ideals and interests which there is no need to abandon. Indeed, some of these things are absolutely necessary to the maintenance of life and sanity during war times. Among these are physical play and recreation.

If there is ever a time when people need to play to keep healthy bodies and minds it is during such times of stress as war brings. And yet sensitive people feel a sneaking sense of shame over their desire and necessity for play. It seems comparable to smiles at a funeral.

In some splendid war pictures was struck especially by the playfulness of the British soldiers. It has been said that nothing but actual fighting will keep these irrepressible Tommies from football and other sports. Somebody has said that the allies will win largely because the Anglo-Saxon is a lover of outdoor sports and that in the long run the sportsmen will win.

War is depressing business and an increased amount of insanity will doubtless result from it, not alone among the soldiers themselves but among others with sensitive nervous systems. If this be so, it is but common sense for people to keep their balance as completely as possible. And it is a scientific fact that clean, wholesome play is one of the best mental balance producers.

YOUNG FAMILY PROSPERING

D. E. Briggs of Spearfish, S. D., who is visiting his son, Albert, here, states that James Young, who moved to South Dakota nine years ago, is prospering and his son, Wallace, who was at one time with the New North, has just received a life certificate from the Spearfish Normal school.

Mr. Briggs says that South Dakota will be a wholly "bone dry" state as soon as the private individuals consume all the surplus intoxicants which they bought up before prohibition came.

Not Worth Keeping on the Hook.

Ethel—"How many times do you make a young man propose before you say yes?" Muriel—"If you have to make him propose you'd better say yes the first time."—Puck.

State of Wisconsin. In Circuit Court, Oneida County.

Eva Blackmer, Plaintiff,

vs.

Charles Blackmer, Defendant. The State of Wisconsin to said Defendant:—

You are hereby summoned to appear within twenty days after service of this summons, exclusive of the day of service, and defend the above entitled action in the Court aforesaid; and in case of your failure so to do, judgement will be rendered against you according to the demand of the complaint, on file in the office of the Clerk of the above court.

A. J. O'MELIA.

Plaintiff's Attorney.
Post Office address: Rhineland, Oneida County, Wisconsin.

"For the cause that lacks assistance;
For the wrong that needs resistance;
For the future in the distance
And the good that we can do."

Don't feed the tramp and he will be forced to go to work. In these days of labor scarcity, there is positively no excuse for a healthy, able bodied man to roam over the country and try to get by on the hand out route. Such a fellow is not an object of charity and people who give him food or extend other aid is doing the country an injustice.

Establishment of a five-mile "dry zone" around all military camps was ordered Monday by President Wilson. At the same time the president under authority granted by congress in the army bill, prohibited the keeping of "houses of ill fame, brothels or bawdy houses" within five miles of any military camp, station, fort, post, cantonment, training or mobilizing place. Any saloon selling liquor to a soldier in uniform is violating the law.

The Antigo business men have set a good example. The State Council of Defense received notice last week that the business men of Antigo are going to personally aid in harvesting the crops of Langlade county. An organization has been perfected in that city so that each business man of Antigo will give one day for farm work. He will go into the field in the morning and return at night. This plan will be followed so that each business man gives one day's time a week until the crops of that county are harvested. Would this not be a good example for other counties?

President Wilson's official family is in a row. The work of the naval board must necessarily come to naught until the new board can get its bearings. The American people seem more than willing to furnish the great amount of money to carry on this war. It is certainly too bad that the President does not make appointments of men equipped for their positions. Mr. Goethals, who was big enough to build the Panama Canal, is out of office, because Mr. Wilson's politician, Mr. Denman, was appointed on the naval board. Denman has not the first experience to qualify him as a member of the naval board, but still he felt it his duty to heckle constantly about Goethals' contracts for ships. It is high time that partisan politicians were cast aside by the executive department of the government and men were selected on account of their merit. We have no time at this hour to waste in political bickering.

TAKING THE NEWSPAPERS
Newspapers of the United States are to be taxed! They are not only going to be made to pay more mailing their papers under the proposed parcel post zone system, but they are to be taxed on advertising space carried. Newspapers are willing to carry their share of the war burden, but when half baked law makers down at Washington start on methods of raising money to defray the expense of the war, and pick newspapers as the goat it gets the goat of the average publisher. Stop and consider just a moment please, the vast amount of good newspapers are doing the public. The schools educate the young; the newspapers the older ones. In round numbers 30,000,000 people buy a newspaper every day. The average newspaper throughout the United States is carrying every day about 500 lines of space devoted to Uncle Sam's needs, the sale of Liberty Bonds, Red Cross, recruiting, agriculture, food control and an endless number of other vital subjects. Who educates the public to economy? Who tells them they should buy liberty bonds? Who stimulates recruiting in all branches of service and assists in raising the Red Cross membership? The newspapers. And if Uncle Sam had to pay for all this matter, which publishers are giving freely, we would be faced with a war tax problem that would put a kink in hundreds of thousands. And in the same breath, the law makers are hollering their heads off to tax newspapers; they are hiring secretaries and clipping bureaus to send to and clip from newspapers matters explaining their stand on various questions and gathering information and comment from the papers "back home." It's enough to make a publisher swear—something they seldom (?) do. And the newspaper man who stands up in the movie when the orchestra plays the "Star Spangled Banner", gives columns of space nearly every day for various causes. —Berlin Courier.

FATHER AND SON DROWN
In an effort to save two of his sons from drowning in Barry park lagoon Monday night, C. O. Anderson, an Ironwood trainmaster of the Soo line, lost his life.
The sons, William and Charles, were on a raft when the former fell off. Charles, unable to swim, jumped in after his brother.
Anderson went after William and Mrs. Anderson and her son Robert after Charles. Mr. Anderson and William were drowned.

Mrs. Lenn Markham is the guest of relatives in New London.
W. J. Neu and family motored over from Three Lakes today.
Miss Frances Coyne of Madison arrived in the city last evening and is visiting at the home and cottage of F. A. Lowell.

HOLD J. LOWNEY FOR DYNAMITING

Charge Robbins Man With Attempt To Slay His Own Brother

James Lowney, is under arrest charged with dynamiting the home of his brother, Frank Lowney, in the town of Sugar Camp. The crime is alleged to have been committed on July 18. Frank Lowney was slightly injured and part of the house was demolished.
In municipal court Monday the accused man denied all knowledge of the explosion. Following his plea of not guilty the case was continued until August 1. Lowney's bonds were placed at \$2000 and this amount he has been unable to secure.
Four people, Francis, Alex and Felix Rhode and Ed. Klamobiske were arrested Thursday last as suspects in the dynamiting of the Lowney home. After a thorough investigation the officers became satisfied that the prisoners were not implicated in the crime.

FUN GALORE AT EAGLES' PICNIC

Hundreds of Rhinelander people laid aside their worries and cares Sunday and made the boat trip up the Wisconsin river to the Eagles' picnic at Fette's resort. The birds of 359 lived up to their long established reputation for hospitality and the time, which they showed their guests, would make a Roman holiday look like a deaf and dumb convention. Fun for young and old was dished out in heaping measures and anyone who failed to get his full share is too dead to dwell in a live town.

George DeByle, Ely Counter and Thomas Wight, the three Eagles who planned the picnic, are more than delighted with the results of their efforts and wish to thank the people for their patronage.

WHY NOT RAISE THAT FLAG POLE

Editor New North:—
As a citizen of Rhinelander I would like to know when the flag pole, which for several weeks past has been reposing on the city hall lawn, is going to be elevated? As it is now the pole is an eye sore and if there is no intention of raising it, why not move it away? I like every loyal citizen and true American, would like to see the pole in position and the good old stars and stripes floating from the top. I don't know who is in charge of this undertaking but, whoever it is, I hope to see them get busy without further delay. The pole should be up before Company 1 leaves Rhinelander.
A CITIZEN.

TWO BIG MELONS
Two enormous water melons arrived in this city by American Express Tuesday consigned from Fulton, Ala., to W. D. Harrigan. Each melon was packed in a separate crate.

Congregational ladies' aid will be postponed a week on account of the Chautauqua.

1,500 FEET OF TRACTORS TO BE SEEN AT THE STATE FAIR

1,200 Acres Will Be Used For Morning Demonstrations, Electric Trains Carrying Crowds to Them From the Fair Grounds—Aids Farmer in Solving Labor Problem.

Milwaukee, July 20.—Farm labor has been and is scarce, and the Wisconsin farmer more than ever is interested in perhaps many makes not yet on sale in this state.
Simply showing a tractor does not suffice, so officials of the State Fair have obtained 1,200 acres of land west of the fair grounds for demonstrations during the mornings of Fair week, Sept. 10 to 15, inclusive.
This land lies along the Interurban railway, and electric trains will leave the main gates of the State Fair every half hour up to noon carrying people to the demonstrations. Pass out buttons will be given to those who desire to leave the fair grounds for the demonstrations and return at noon.
The demonstration lands lie between West Allis and Calhoun, five miles apart. Tractors for demonstration purposes can be unloaded either at Calhoun or West Allis.
No other State Fair in the United States has taken up the tractor idea, but many are planning to follow Wisconsin's example next year.
Wisconsin Fair officials are striving each year to make the State Fair stronger industrially as well as along agricultural lines, and the tractor show and demonstration is a result of this policy.

YEAR'S GREATEST AUTO SHOW.

The Auto Show at the Wisconsin State Fair will be the largest given in the world in 1917. In addition to the 52,000 square feet of new cars, there will be 50,000 square feet of secondhand cars. These cars will be shown in a tent 500 feet long and 100 feet wide and brought from Kansas City especially for the Wisconsin State Fair.

demonstration that should be seen by every farmer in the Badger State.
The show of tractors will occupy a space in the center of the fair grounds with a frontage of 1,200 feet. In this space it is expected will be shown

HE IS HOEING TONIGHT
Dad is hoeing tonight on the old back lot,
And believe me, he's going some;
Whaling at the weeds, mulling 'em
neath his breath,
Hoping for the spuds to come.
Chorus:
Many are the hands that are caloused tonight,
Many are the backs that are lame,
Many are the dubs trying hard to
to break
Into the garden game.
—Rusk County Journal.

TO CORRESPONDENTS
New North correspondents are requested to mail their copy so that it reaches this office by Wednesday morning at the latest. In some instances copy has not been received until after the paper has gone to press. The New North is anxious to publish news from every town in Oneida county but cannot do so if correspondents will not send their copy on time.

Penalty of Perfection.
"To be happy," said the curate, "a man should decide on one thing he would like to do well, and then perfect himself until he can do it better than anybody else." "Another story book virtue, doctor," said the old member, "that doesn't work out. There is Irvy, for example, the loveliest man in the club." "And what about Irvy?" "He plays such a good game of billiards that nobody will play with him."—Judge.

Convincing Signs.
Clara—"I don't know what to make of your brother. For three months after we met, he did nothing but write poetry to me." Dora—"Has he stopped that?" "Yes. Since then he has made me some nice presents, but he has even stopped that." "H'm! Let me see, I have it. The household pages of our newspapers have been clipped terribly of late. No doubt he is making a collection of cooking recipes. He's in earnest."

Speeding Up.
The race soon adjusts itself to new conditions as they arise and we don't suppose the young mothers of the present day are one jot or tittle more worried when their children are out playing in the street than their own mothers were in like circumstances, with the horses and buggies recklessly dashing past all the time at seven or eight miles an hour.—Ohio State Journal.

It Couldn't Be True.
"There is some money, my love," said the husband. "I don't want any," replied the wife. "Come now, darling, take this \$10 note and go out shopping." "Thank you, dearest, but I really don't care to. I would rather stay at home and see to the household work." Then the husband awoke and found, as the reader has already suspected, that he had been dreaming.

Birds Have Regular Routes.
Migratory birds are said to cross the North sea by well-defined tracks. The autumn immigrants fly from east to west and northwest, their return in spring being conducted over the same lines in a contrary direction. The first flights occur regularly about the middle of October and the second a month later.

Frankly Selfish.
We know one thoughtful grandmother who frankly admits that she spoils the baby at every possible opportunity, explaining in her philosophical way that she knows perfectly well she'll get the blame for it anyway and might as well have the fun of doing it. —Columbus (Ohio) Journal.

DAIRY

MILK SUBSTITUTE FOR CALF

Massachusetts Experiment Station Recommends Feeding Mixture Costing Three Cents Pounds.

Nothing is better than milk on which to raise thrifty, growing calves, whether they are intended for the dairy, the feed lot or the show ring. The ordinary farmer often finds milk too expensive as a calf feed. The following substitute is recommended by the Massachusetts Experiment station: Twenty-two pounds ground oats, ten pounds linseed meal, five pounds middlings, 11 pounds fine cornmeal, 1 1/4 pounds fine blood meal, one-half pound salt. Total cost, three cents a pound.

Prepare by adding one-half pound of meal to two quarts of boiling water for each feed. At each feeding moisten the meal first with a little cold water to prevent it forming lumps, and then pour on the boiling water, and stir well. When this is cooled down to the temperature of milk fresh drawn from the cow it is ready to feed.

It is better to let the calf have whole milk for about a week, then gradually introduce a little of the milk substitute for ten days or two weeks, when you can cut out the milk entirely.

As soon as the calf will eat, let it have hay and a little of the meal dry, together with fresh water. Always have the calf meal mixture milk-warm when fed. Have the buckets clean and do not overfeed. A young calf will usually begin to eat hay at about three weeks old.

COW NEEDS RESTING PERIOD

Some Animals Maintain Good Milk Flow Right Up to Calving Time—Rest is Important.

The dairying department of the New Jersey agricultural experiment station recommends that the dairy farmer should remember to give his cows a rest of six weeks or more before they freshen. Some cows may maintain a good flow of milk right up to calving time, and in such cases the dairyman hesitates to dry them off for a rest period of several weeks. This should be done, however, and the cow well fed so that she will be in good flesh when she freshens.

The work of producing a heavy yield of milk for ten months or a year is a severe drain upon the cow's strength and vitality, and a period of rest should be given her to recuperate and prepare for another lactation period. If she finishes her milking period quite thin in flesh, she should be given a longer dry period and more liberally fed. The loss of what milk the cow might produce during the dry period will be made up several times over by an increased yield during the following lactation period. A good rest and liberal feeding preceding the date of calving helps largely to bring about a good yield during the following year.

RECORD OF LEADING BREEDS

Jersey, Guernsey, Ayrshire and Holstein-Friesian Have 16,155 Animals Registered.

The following are the records of the four leading breeds of dairy cattle for the last year:
Jersey—6,146 cows registered; average yield, 7,316 pounds; average butterfat, 413 pounds; average per cent, 5.35.
Guernsey—5,081 cows registered;

Ayrshire Cow.
average yield, 8,946 pounds; average butterfat, 441 pounds; average per cent, 4.97.

Ayrshire—2,193 cows registered; average yield, 9,447 pounds; average butterfat, 372.9 pounds; average per cent, 3.94.
Holstein-Friesian—2,742 cows registered; average yield, 14,619 pounds; average butterfat, 504 pounds; average per cent, 3.4.

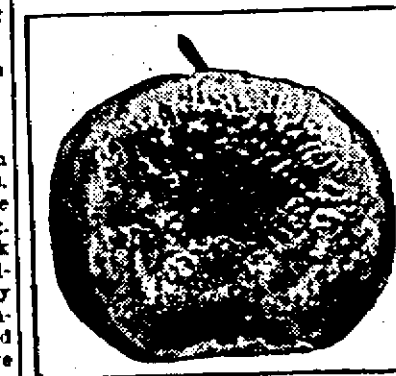

MILK AND BUTTERFAT FEEDS

Utilize Every Possible Morsel of Food—Teeth and Stomach Wear Out—First in Cow.

Every possible morsel of food fed to dairy cows should be utilized for the production of milk and butterfat. The teeth and the stomach are the two organs of a cow which wear out first, especially the former. This is caused in great part by the cow having to eat hard dry unground grain. There is an old saying, "No chain is stronger than its weakest link." With the dairy cow also this holds true. When one organ of digestion wears out, then the whole cow is useless.

A good dairy cow should be kept as long as possible, and if she is properly fed and cared for, she will be useful for about fifteen years. Some give a flow of milk at the age of twenty years.

The Saddest Words of Tongue or Pen Are Surely These: "IT MIGHT HAVE BEEN"

It might have been a sound, bright, rosy apple—but a clump of red cedars grew near the orchard. Rust galls burst on the cedars and scattered poison among the apple trees. This apple was a Wealthy, and one of the first to become infected. Spraying would have done but little to save the fruit as long as the red cedars furnished winter homes for the rust spores.
The story of the apple-rust disease is given in Circular 53 or Bulletin 257 of the Wisconsin experiment station, Madison.

It's Usually So.
If your favorite candidate wins, you construe his success to be merely incidental proof that your judgment is immaculate and that you are an animated phonograph repeating Vox Dei.—Houston Post.

Daily Thought.
I am not careful for what may be a hundred years hence. He who governed the world before I was born shall take care of it likewise when I am dead. My part is to improve the present moment.—John Wesley.

THE CITY IN BRIEF

Miss Margaret Coon is visiting in Chilton.

Mrs. B. Hofstund was here from Gagen Monday.

FOR SALE—Buggy by O. A. Hilgerman. J26-A16

Mrs. L. Emmerling is home from a visit in Chicago.

A daughter was born Monday to Mr. and Mrs. J. Graham.

Miss McDonald of Ashland is the guest of Mr. and Mrs. George Smith.

Emery Christian, window decorator at Kolden's is on his vacation.

Miss Susannah Manson of Wausau is the guest of Mr. and Mrs. Fay Marshall.

Mr. and Mrs. H. Tuttle and children are home from an auto trip to Merrill.

Mrs. W. A. Bolin returned Friday to Wausau after a short visit in this city.

CAKE SALE—Saturday at Liebenstein's store by the Swedish ladies' aid.

Thomas and Harriet Walker are visiting at the Franzen home in Minneapolis.

Mr. L. H. Schoening has returned to Merrill after a visit at the Whittaker home.

Miss Elizabeth Barber has completed her vacation and is again on duty at Kolden's.

Mrs. Fay Marshall and children returned Monday from a visit with Wausau relatives.

FOR SALE—A few milch cows. Come look them over. Ferdinand Boehm, Route 2, July 12-A2

Mrs. R. D. Eppley and little daughter, Jean, are here from Minneapolis visiting friends.

W. E. Brown attended a meeting of the Wisconsin Valley Improvement company in Wausau Friday.

Misses Mary Larson and Evelyn Lund returned to Wausau Friday following a two weeks visit here.

Dr. P. E. Kabel of the Rhinelander Box & Lumber company transacted business in Minneapolis this week.

Mr. and Mrs. Andrew Schulstrom are entertaining Mr. and Mrs. W. Schulstrom and children of Minneapolis.

Rev. Peter LaPorte is spending the week in Vilas county in the interests of the American Sunday School Union.

Fred Rheume is home from eastern Canada where he visited a number of weeks among relatives and early day friends.

W. P. Colburn, superintendent of the city schools, has gone to Chicago to attend the summer course at Chicago University.

Mrs. John Mainville of Marshfield underwent a serious operation at Antigo June 21. Her condition is very critical at present.

Children of the Swedish Baptist school, accompanied by their elders, held a very pleasant picnic in Shepard's grove Sunday.

Miss Ruth Leland, daughter of Mr. and Mrs. Ed. Leland, underwent an operation for appendicitis Monday. She is in St. Mary's hospital and is reported to be doing nicely.

Peter Brusoe, the veteran drayman, is again back in the harness, after having been laid up with an injury for a number of weeks. Peter says that it's hard to kill a Frenchman.

C. Eby, Immigration Agent for the Soo line, has returned from a trip to the Twin Cities where he was consulting W. H. Killen, Land and Industrial Commissioner, relative to lands along the Soo line.

Mr. and Mrs. W. H. Ashton and children who have spent the last four months in Rhinelander, have departed for their home in Spirit Lake, Idaho. While here Mr. Ashton was employed at the Soo depot.

C. Eby, of this city has sold large tracts of timber lands in northern Minnesota, to the Rainy Lake Lumber Company of Virginia, Minn. The land contains pine and spruce timber. Mr. Eby has made several deals with this company since Jan. 1, 1917.

Dr. and Mrs. J. T. Elliott and son John, departed Monday for the doctor's old home in Owen Sound, Ont., where they will make an extended visit with relatives. They will also visit in Toronto before their return here.

John Shaver, of the editorial staff of the Drovers' Journal of Chicago, was in Rhinelander Monday on his way to Forest county to obtain material for a write-up for his publication. The Journal is running a series of articles on stock breeding in northern Wisconsin.

Miss Louise Hanson is visiting in Wakefield.

Miss Ruth McCormick is the guest of Antigo relatives.

D. H. Hart and son-in-law, Julius Gerber are in St. Paul.

Mrs. Julius Seeger of Mercer did shopping here Monday.

Henry Stuart of Marshfield transacted business here Wednesday.

Miss Rosa Jarvis has returned from the state sanatorium in Wales.

Benjamin Powers of Kansas City is the guest of Mr. and Mrs. W. E. Brown.

Mr. and Mrs. Albert Brouette and little daughter and Mrs. Schultz autoed to Eagle River and Minocqua Sunday.

Miss Julia Wavrunek, of Wisconsin's store, is visiting friends in Ironwood.

Clara and Edward McLaughlin left Wednesday for a visit in Marathon City.

Mrs. George Dusel and daughter, Miss Sadie left for a visit in Antigo Wednesday.

Miss Loraine and Earl Mayo of Green Bay are guests of Mr. and Mrs. Louis Kirk.

F. A. Lowell and family are now occupying their summer cottage at Moen's lake.

Bert Fisher left Tuesday for Fox Lake and Beaver Dam for a month's visit with relatives.

Mrs. August Zehms' friends surprised her Monday afternoon in honor of her birthday.

Miss Vallie Garland was called home from Milwaukee Monday by the illness of her father.

Mason Miller leaves tonight for North Dakota and intends to spend the winter in San Francisco.

Lieutenant Al. Lytle left today for Camp Douglas to begin his duties on General Boardman's staff.

Mrs. J. D. Keelan and daughter have returned to Appleton after a visit with Mr. and Mrs. J. Kuehn.

George and Willis Jewell and their families enjoyed a picnic at Crescent Lake Tuesday in honor of Chester Jewell, a member of Company L.

Mrs. Carl W. Whittaker and baby left Sunday night for Merrill to spend the summer with her parents, Mr. and Mrs. James Campney.

W. J. Shannon of Tomahawk Lake was a Rhinelander caller Saturday. "Billy" says the muskies are biting in a manner gratifying to the tourists and some big catches have been made.

Douglas Foster is out on the road this week jolly up the farmers for the Rhinelander Creamery & Produce company. Douglas' ready wit combined with his natural tendency to radiate sunshine wherever he goes makes him popular among the residents of the rural districts. It is said that even the chickens flock out to greet him at every station.

NORTH SIDE

Mr. and Mrs. Rupert Case of Lansing, Mich., arrived in the city Tuesday and are guests at the home of Mrs. Case's daughter, Mrs. Fraker.

Mrs. F. Christian entertained the Wednesday club at her home on Lake street. Mrs. Christian received first prize, Mrs. E. Shelp second, and Miss Maudie Rothwell third.

Mrs. E. Laing and four children arrived Thursday from Pelican Lake and were guests at the home of Mrs. Laing's sister, Mrs. A. Rheume on N. Stevens street.

Mrs. A. Rheume entertained the Thursday club at her home on N. Stevens street last week. Mrs. F. Christian won first prize, Miss Maudie Rothwell second and Mrs. A. Rheume third.

Vern Weight spent Sunday at his home on Brown street.

Mrs. Joe Kettner went to Wausau last week where she spent Sunday with her husband who is sawyer in the Morrison mill.

Mrs. Harry Herrick entertained a number of friends at her home on Brown street last Tuesday, complimentary to Mrs. A. Barney of Ladysmith.

H. J. Bloomdahl and daughter Elsie and niece, Miss Edith, spent Tuesday in Lac du Flambeau.

MAY KILL DEER— 10 DAY SEASON

Certain Counties, Including
Oneida, Will Have Open
Season For Ten Days

The new game law has just been published and contains sixty-three sections with one hundred and nine sub-sections. During the early part of the season of the legislature it was that there would be a closed season placed upon deer, but according to the law which is now in effect, deer not in the velvet, red or blue coat may be taken in Ashland, Barron, Bayfield, Burnett, Chippewa, Clark, Douglas, Eau Claire, Florence, Forest, Iron, Jackson, Langlade, Lincoln, Marathon, Marinette, Oconto, Oneida, Pierce, Polk, Price, St. Croix, Sawyer, Shawano, Taylor, Trempealeau, Vilas, Washburn and Wood counties, between Nov. 21 and Nov. 30. Each hunter is allowed but one deer of either sex.

Other animals which may be taken are bear, Nov. 10 to Dec. 1, no limit; fisher, marten, mink and skunk, Nov. 15 to Feb. 1, no limit; muskrat, Oct. 25 to April 10, no limit; raccoon, Oct. 15 to Jan. 1, five each day; squirrel, Oct. 15 to Jan. 1, five each day; rabbit, Sept. 7 to Dec. 20, ten each day; wild duck, Sept. 7 to Dec. 20, fifteen each day; wood duck and woodcock, no open season; plover, snipe, rail, rice hen, Sept. 7 to Dec. 20, fifteen each day; partridge, grouse, spruce hen, prairie chicken, closed until Oct. 1, 1919; pheasants, quail, no open season.

In the fish department the open season is given as follows: Large and small mouthed black bass, June 15 to March 1, limit 10 inches, ten each day; trout, May 1 to Aug. 31, limit 7 inches, thirty-five each day.

I WANT TO SELL

1 inch birch, No. 3.
1 inch maple, No. 3.
1½ inch basswood, No. 1 common and better.
1¼ inch soft elm, No. 3, rough.

C. P. CROSBY
Rhinelander, Wis.

TRANSFERS

Following is a list of all real estate conveyances recorded for the week ending July 25, 1917, furnished by the Oneida County Land and Abstract Company, to wit:

Mayme E. Sanborn and husband G. F., to Charles Blumquist, W. D. of lot 1 sec. 6-39-9 E—\$1000.

Oscar L. Sutherland and w. to Raymond L. DeMoss, W. D. of SW SW 7-36-6 E and NW NW 18-36-6 E—\$1.

Vet Grill and w. to Louis Grill W. D. of lot 4 sec. 14 and lot 1 sec. 23-36-8 E—\$1.

Albert Dahl and w. to Clarence S. Voerman, W. D. of S½ NE 29-37-7 E—\$2200.

Oscar Purolo to F. A. Sinkula, W. D. of NW NE 28-36-7 E and NW NE 28-36-4 E—\$125.

Oscar Anderson and w. to Nettie Hurlbutt W. D. of W. 66 ft. of lots 7 and 8 blk. 2 of G. S. Coon's Add. to Rhinelander—\$1.

WEDGE BECOMES TRAIN "BRAKIE"

Rev. Fred Wedge is now a freight brakeman in the employ of the Chicago & Northwestern Railway company. He passed the required examination for entrance to the train service in Antigo Saturday. He made his first "run" between Antigo and Ashland Monday.

Rev. Wedge says that he likes railroad work and intends to remain on the job until he has saved enough to pay his debts and put away a little nest egg in the bank. According to his statement he will receive about \$125 per month. Putting up silos did not bring him in enough money.

PICNIC AUG. 5

Fetke's resort, up the Wisconsin river, will be the scene of another big picnic on Sunday, August 5, to be given under the auspices of the I. B. P. S. & P. M. W. local of this city. A schedule of sports is being arranged and there will be music all day by Cardin's Band. Those who have charge of the lunch department will see that nobody goes hungry. Plan to attend this picnic. Boat fare, round trip 30 cents. Children 25 cents.

MAY FIGHT SOON

Frank Strope, of the Western Union Telegraph force here, is in receipt of a letter from his son, Zene, who is in St. Raphaels, France, with the United States aerial squad. Zene writes that he will probably be engaged in active duty soon. The squad trains from break of day until dark and has little time for rest.

Their Limit.

He—Look how many wives you hear of who drive their husbands to drink. She—And think of the very few wives you hear of who can drive their husbands to work.

Just the Thing for the Farmer

When you are in the field making
Hay or Spraying Potatoes don't
swelter under the sun. Wear one
of our **WIDE PREMIUM STRAW
HATS**, which we are offer-
ing this week at 25 and **50c**

The man who tills the soil is just
as valuable as the man who fights
these days. The Farmer should
guard against sunstroke. Our hats
will do it.

HART'S THE BUSY STORE

Frank Rand of Webster, Wis., is visiting his uncle and aunt, Mr. and Mrs. Herman Rand on Carr street.

A baby boy put in his appearance at the home of Mr. and Mrs. Harold Crosby, 130 E. King street, Friday.

The Ladies' Aid society of the M. E. church will be postponed one week on account of the Chautauqua.

Miss Anita Sackett returned home Saturday from a two weeks visit with Miss Hazel Gooden at Harshaw.

Alex Taylor, the popular little Scot on Stevens street, was the guest of P. J. Hanson in Antigo, Tuesday.

Miss Eleonore Slattery returned to Grand Rapids Tuesday after a visit at the Murphy, Henry and Doyle residences.

Miss Celia Sackett returned home Saturday from Monico where she spent two weeks with her aunt, Mrs. M. Stevens.

Mrs. O. A. Kolden and Miss Lilah and Mrs. Hans Anderson and Miss Mabel were guests of the Follstad families in Elcho this week.

Sergt. Francis Cournoyer of Chickamauga Park, Georgia, arrived here Saturday for a short visit with his sister, Mrs. A. A. Owens.

Mrs. A. A. Owens and brother, Sergt. Cournoyer, of Chickamauga Park, Georgia, spent Sunday and Monday with relatives at Laona.

Mrs. James Robertson, whose health has been poor for some time is a patient in a Green Bay hospital and will probably remain there for several weeks. It may be necessary for her to undergo an operation.

Mr. Robertson, accompanied her to the hospital, returning a few days ago.

Lee Bastian, who spent the past week in Ashland, returned Saturday.

Mrs. John Rothwell, who spent the past week the guest of relatives in the coeper country, returned Thursday.

EVERS COLBERG

The marriage of Miss Hannah Colberg and Earl Evers was solemnized in Minocqua last Friday. Rev. Father O'Mahoney officiated at the ceremony. Miss Emma Jolitz was bridesmaid and Frank Evers was best man. Several Rhinelander people attended the event.

Mr. and Mrs. Evers have the best wishes of a host of friends in this city.

CARD OF THANKS

We desire to express our thanks and appreciation for the kindnesses bestowed upon us during the illness and death of our husband and father Leonard J. Marsh. Also for the floral offerings. The services by Rev. Madland and the choir who assisted in the funeral services.

Mrs. Leonard J. Marsh,
Eugene Marsh,
Mrs. Myra Luce,
Roy Marsh,
Cora L. Tresness.

SUMMER SCHOOL ENDS

The summer school in the Central building came to a close Tuesday after a successful six weeks session. Nearly sixty students attended the school, which was in charge of Superintendent C. P. Colburn, with Miss Margaret Coon and Della White as teachers.

pike, pickerel, muskallunge and catfish, May 29 to March 1. The respective bag and size limits are, 10 each day, 13 inches; fifteen each day, 16 inches; two each day, 24 inches; ten each day, 21 inches; ten each day, 15 inches.

MAXWELL O. K.

T. C. Wood, Maxwell agent in this city, received a letter from a friend in Winnipeg Saturday in which it was stated that a trip made in a heavy rainstorm from Winnipeg, Manitoba, to Virden in a Maxwell has caused the firm of Carnahan & McNight to have the utmost confidence in the car. They are the Maxwell dealers at Virden.

The distance is 200 miles. The Maxwell passed several cars of other makes hung up in the mud. The Maxwell came through on high gear.

During the entire trip a wrench was not used. Gasoline and oil put in at Winnipeg lasted until Virden was reached. Here is what the dealers think about the performance:

"We think more of the Maxwell than ever the way it performed through the mud. We believe there is no better car in the market. We are satisfied the Maxwell will sell itself. This is the confidence we have in your car."

Not Worth Keeping on the Hook.

Ethel—"How many times do you make a young man propose before you say yes?" Maudie—"If you have to make him propose you'd better say yes the first time."—Puck.

SCANDINAVIAN NEWS

SUMMARY OF IMPORTANT HAPPENINGS IN FAR OFF NORTHLAND.

ITEMS FROM THE OLD HOME

FINLAND.
Resume of the Most Important Events in Sweden, Norway and Denmark—Of Interest to the Scandinavians in America.

The landtag July 12 passed the second reading of a bill virtually establishing Finnish independence. The introduction of the bill has created a serious crisis in Petrograd, and N. C. Tchaidze, president of the council of workmen's and soldiers' delegates, went to Helsingfors in an effort to settle the differences. The law, which was engineered by the Socialists, proclaims that Russia has lost all authority in Finland except in the domains of diplomacy and in the army and navy, wherein, however, Russia's rights are undiminished. All other prerogatives of the grand duke of Finland, which the provisional government claims passed automatically to it, belong to Finland. Specifically the diet assumes the grand duke's right to put into execution the law, declare and prorogue the legislature and appoint a supreme executive. The governor general is not mentioned in the law and as no functions are left him he is practically superseded. Telegrams from Helsingfors declare that after the promulgation of the law the diet will appoint its own senate. Under the plan proposed Russia would not have the right to keep troops in Finnish territory in time of peace or to possess any fortifications. Economic relations between Finland and Russia would be regulated as between foreign countries. The Finnish Social Democrats addressed the Social Democrats of all countries, especially Russia, asking them to support the establishment of Finland's independence on the ground that the Russian government, which was characterized as bourgeois, was incapable of giving adequate guarantees of the loyalty of Finland's freedom. The grand duchy of Finland forms a separate division of the Russian empire and until the last few years preserved its old constitution. Its autonomy has been in a great measure abolished by acts of the Russian government. A governor general represents the Russian government.

NORWAY.
Gen. Ivan Holmsen, an officer who distinguished himself in the Russian army, is a native of Norway and of pure Norwegian stock, having been born in Rygge, Norway, in 1867. His father removed to Finland in the seventies of the past century to engage in the lumber business. Early in life he became fond of military life, and wished to attend the cadet school at Frederiksboen. But according to the rules of the school only boys of noble parentage could be admitted. Norway abolished all kinds of titular nobility a hundred years ago, and how could the boy prove that his ancestors were nobles? At any rate he went to work to see what could be done. His ancestors had been very prominent in Ekeback and Singelare for hundreds of years, and by the kind assistance of the keeper of the national archives of Norway he was finally admitted to the school. He made a favorable impression, and as soon as he became an officer he advanced rapidly. In 1902 he married Hjalmar Bobrikoff, the daughter of the governor general of Finland, and they have several children. In 1900 he was a colonel and military attaché at the Russian legation in Constantinople, and when the war broke out he was at the head of a division. In the battle of Vladislav he distinguished himself by bravery and general ability to such an extent that he was decorated with the Cross of St. George. The Russians had been forced back by the Germans and were hard pressed. Then Holmsen assumed the command of two regiments, using one of them in a flank attack on the enemy and the other in checking his advance in the front. He succeeded in keeping his positions until dark, and this prevented the Germans from taking advantage of their success earlier in the day. The Russian army was in great danger late in the afternoon. Besides the Cross of St. George Holmsen has a fine batch of minor decorations of honor. He speaks Norwegian and has made many visits to Norway. Some of his relatives in Norway are prominent in public life.

Germany made formal apology to Norway for the recent plots discovered in the arrest of "Baron" Haugenfeld, whose baggage contained infernal machines supposedly designed to destroy Norwegian shipping.

A dispatch from Trondheim says a mysterious fire occurred there in a storage warehouse containing goods ready for shipment to Great Britain. The damage is estimated at hundreds of thousands of dollars.

SWEDEN.
Special invitation was issued July 14 by the joint commission of Dutch and Scandinavian Socialists and the Russian workmen's and soldiers' delegates in Stockholm, urging American Socialists to attend a conference August 7

General resentment and indignation has been aroused in Sweden by a news dispatch from Washington giving what is termed "an official report of the government" on Sweden's exports and imports. The report declares in brief that Sweden exported to Germany great quantities of materials for making ammunition, including especially iron ore, ferroalloys, manganese, steel, copper, sulphur, zinc and wood pulp and imported iron ore from America to replace the surplus exported. Even newspapers most friendly to the United States condemn the charges. The papers call attention to America's attitude regarding exports and arraign what they term the "government's inconsistency." They declare America repeatedly protested to England against the same policy which Washington now threatens to adopt against Sweden. The Associated Press received from an authoritative source the following statement: "The statement that we are exporting sulphur and zinc to Germany is a ridiculous error. We must import sulphur for our own use and Germany produces more zinc than she uses. We import no iron ore from America. Before the war we used to import a low grade of pig iron from England. These imports have dropped to a third of the normal and we have been importing from America to cover the deficit, but the entire imports are insignificant. We export pig iron of a higher grade to both England and Germany. Our exports to England are still nearly normal. For our industrial life, we must have dyes, coal and medicine from Germany, and we have nothing to give in return except iron ore and pulp, since the embargo on all provisions. We get some coal from England at the risk of our sailors' lives and of their ships, but it is only a small portion of what we require. Germany brings us coal in her own ships, without risk to us. We do not understand, how America, which insisted on us letting her cotton through Germany and protested so vehemently to England against our effort to interfere with her trade, can have such an attitude toward us."

The Swedish, Norwegian and Danish governments have encouraged increased agricultural production in every way. But the unusual warm weather during May and June has already endangered the crops, and it is therefore unlikely that they will be above the average, in spite of all stimulating efforts. In his great expose of the food situation, delivered some time ago in the riksdag, M. Swartz, premier of Sweden, announced that the Swedish nation did not have to fear starvation during the next winter, even if all import of food should be cut off, but he made this promise dependent upon a crop considerably above the average. The fuel situation is at the same time alarming the neutrals, which regularly import large quantities of coal. All the three Scandinavian countries have already taken extensive measures to secure within their own borders enough fuel for the coming winter. Wood and peat will, to a large extent, be used in an effort to replace coal, and it is used for the purpose of cutting and transporting wood that Sweden and Norway have mobilized their civil population.

Sweden instructed her minister at Berlin to lodge formal protest with Germany against the torpedoing of Swedish fishing vessels.

DENMARK.
Complaint of American export restrictions being unjust and cruel to small neutrals, tending to force them between starvation and entering the war, is made by the semi-official newspaper Politiken. "The demand that American products shall neither directly nor indirectly contribute to the advantage of the Germans can only be fulfilled if all economic relations with Germany are severed," continues the paper, which cites an article from a Washington newspaper and Controller Herbert C. Hoover's statement to prove the "brutality back of the American policy." "The situation which the American proclamation creates for small neutrals, particularly Denmark, is highly serious," says the Politiken. "War's specter approaches our frontier by an unexpected path. Even if we escape war we cannot escape many of its most direct consequences. It is interesting to establish the fact that this comes from a group of powers whose regard for small neutrals has been one of the world's most popular slogans, also one of the world's greatest lies." The Berlingske Tidende accepts the explanation in America's official statement.

H. C. Holst entered the service of Iver Andersen Ravn of Groninghoved as an all-around farmhand the first of May 1867. For three generations he kept the same position, leaving it on the fiftieth anniversary of his installment. The people of the parish held a festival in his honor on this occasion, for he was as faithful as adamant during the 50 years. He and his wife are going to spend the rest of their days with their children at Kolding.

Many Danish dairymen have introduced a new kind of pasteurizing apparatus. The idea is to save fuel. When the pasteurized milk is cooled it is made to pass over a tank containing the milk which is to be heated, so that most of the heat of the former passes into the latter, saving that much heat.

Potatoes have been very scarce in the island of Lolland because so many were destroyed by frost in the past winter.

State of Wisconsin.
Oneida County.
Notice is hereby given that the county board of review of income tax assessment for the county of Oneida will meet at the office of the county clerk, in said county, in the city of Rhinelander on the 1st day of August, 1917, at ten o'clock in the forenoon of that day, to hear complaints and review the assessments of incomes made by the assessor. Dated at Rhinelander, this 12th day of July, 1917.
JERRY R. BENTLEY,
Assessor of Incomes,
District No. 31.

State of Wisconsin, Oneida County,
In Circuit Court,
Sam Brown, Jr., Plaintiff,
vs.
Otto B. Linde, Andrew F. Blix, Hannah Blix, & C. G. Bird, Defendants.

By virtue of a judgment of foreclosure and sale, made in the above entitled action on the 27th day of June, 1916, the undersigned Sheriff of Oneida County, State of Wisconsin, will sell, at the front door of the Court House, in the City of Rhinelander, on the 21st day of August, 1917 at 10:00 o'clock in the forenoon of that day, the real estate and mortgaged premises directed by said judgment to be sold and described as follows:
The southeast quarter of the northeast quarter of section 16 in township 36, north of Range 7 east; also the northwest quarter of the southeast quarter of section 11 in township 37, north of range 9 east. Terms of sale, cash.
Rhinelander, Wisconsin, July 9, 1917.

HANS RODD,
Sheriff of Oneida County, Wis.
CHARLES F. SMITH,
Atty for Plaintiff,
July 12-1917.

FORECLOSURE SALE
Notice is hereby given, that by virtue of a judgment of foreclosure and sale, duly made and entered in the circuit court for Oneida county on the 19th day of June, 1916, in an action in said court in which L. Emmerring is plaintiff and Jacob Turban, Charles M. Wirth and John Dewald are defendants, I shall expose for sale and sell at public auction to the highest bidder for cash, at the front door of the court house in the city of Rhinelander, in said county of Oneida, on the 11th day of August, 1917, at 10 o'clock in the forenoon of that day, all of the land and premises described in said judgment to-wit:

The southwest quarter of the northwest quarter of section twenty-five (25) in township thirty-six (36) north, of range eight (8) east, in Oneida county, aforesaid; for the purpose of paying said judgment and costs of sale.
Dated June 25, 1917.
HANS RODD, Sheriff.
June 28-17

TAKE IT IN TIME
Just as Scores of Rhinelander People Have

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Rhinelander citizens endorse them. Mrs. A. Rosemark, 700 Mason St. Rhinelander, says: "My kidneys weak and my back ached. I used Doan's Kidney Pills, that I got from Reardon's Drug Store and they cured me."

LASTING RESULTS
OVER TWO YEARS LATER Mrs. Rosemark said: "I am glad to say that the good results Doan's Kidney Pills brought have lasted. Doan's Kidney Pills have been of such great benefit to us that we can't speak too highly of them." Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Rosemark has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

NOTICE OF CONTEST
Department of the Interior
United States Land Office
Wausau, Wisconsin, June 27, 1917.
To George Alexander Sires of McNaughton, Wis., Contestee:
You are hereby notified that Walter S. Antes who gives now McNaughton, Wisconsin, as his post-office address, did on June 20th, 1917, file in this office his duly corroborated application to contest and secure the cancellation of your homestead Entry No. Serial No. 01021 made October 10th, 1914, for SW 1/4 SW 1/4 Section 8, Township 37 N., Range 8 E., 4th P. Meridian, and as grounds for his contest he alleges that said entryman on or before September 20th, 1916, left the said land and this locality and has from said date wholly abandoned the same and has not cultivated or improved said land from said date to any manner whatsoever.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be canceled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to these allegations of contest, together with due proof that you have served a copy of your answer on the said contestant either in person or by registered mail.

You should state in your answer the name of the post office to which you desire future notices to be sent to you.
HILMAR SCHMIDT, Register.
July 12-17

Their Limit.
He—Look how many wives you hear of who drive their husbands to drink. She—And think of the very few wives you hear of who can drive their husbands to work.

With our country at war, economy of necessities becomes the duty of every patriotic citizen. If every family in the United States cooked on a MONARCH Range, thousands of tons of fuel daily would be saved for other useful purposes.

That the MONARCH Range needs less fuel to do its work is not an empty boast but an actual fact that we can demonstrate so that anyone will see it as plainly as we do. The reason lies in the manner of its construction—its seams and joints are made tight without stove putty by riveting the steel plates to the Malleable Iron castings. That means permanent, not temporary tightness.

And the most delightful part of it is that in this case true economy goes hand in hand with all of the things you want most in a kitchen Range—perfect baking, continuous satisfactory service, handsome appearance and time-saving convenience.

WISCONSIN 1917 STATE FAIR TO PRESENT TRACTOR DEMONSTRATION

Display With 1,500 Feet Frontage on the Grounds. With 1,200 Acres Nearby For Demonstrations—Exposition Planned as a Big Aid to Uncle Sam in Preparing For and Carrying on Present Titanic War—Six Days and Five Nights.

SPECIAL ATTRACTIONS.

Fair dates, six days, Sept. 10, 11, 12, 13, 14 and 15; five nights, Sept. 10, 11, 12, 13 and 14.
Music, twelve bands and four orchestras.
Louis Gertson, world's most daring aviator, flies day and night.
Twenty-three acts, including the Daredevil Greggs in an automobile loop-the-loop thriller; DeCarno, the fearless pole man, and other world famous sensations, all appearing day and night.
Gordon's Startling War Spectacle; \$10,000 war display in fireworks, including 100 people, every night.
C. W. Parker Mechanical Amusements, Ferris wheels, merry-go-rounds, etc., twelve all told. New and used nowhere else in Wisconsin.
Harness Racing, four days, Sept. 10, 11, 12 and 13, including the \$5,000 Plankinton Hotel stake for 1:12 pacers and the \$5,000 Chamber of Commerce stake for 1:13 trotters.
Automobile Racing, two days, Friday, Sept. 14, and Saturday, Sept. 15, including Louis Disbrow, world's champion dirt track driver, and fourteen more professionals, and five championship races for Wisconsin drivers.

Light horse division entirely revised. A class for Wisconsin Shetland ponies has been added.

The principal change in the Cattle department is the addition of a class for dairy Shorthorns.

Classifications in the Sheep department have been improved, to the end that the industry of sheep breeding may continue to increase in the state. In the Swine department there has been added a class for spotted Poland-Chinas.

Because of increased facilities presented by the new \$250,000 building premiums have been greatly increased in the Poultry department and the classifications entirely revised.

Important changes, all set forth in

FRATERNAL CITY PLANNED.

Fraternal Day is under direction of the Wisconsin Fraternal Congress, represented by a committee of which John W. Brown of Stevens Point is secretary. Mr. Brown also is superintendent of this department. There will be a tented Fraternal City on the grounds, and drill competitions will be held in the Stock Judging Pavilion Monday night, Sept. 10.

The classy premium book, have been made in the Horticultural, Agricultural, Boys and Girls, Woman's Work and other departments.

The Woman's Work department will be housed on the second floor of the new grand stand, the best and largest quarters it has had since the Fair has been in existence.

A new department, established last north of the grand stand, will be that of Health, Markets and Foods, under the direction of Fred W. Lueding, former deputy health commissioner of Milwaukee. This will be one of the big features of the Fair.

Schedule of Special Days.

Monday will be Children's Day. All school children of Wisconsin will be admitted free by ticket.

Tuesday will be Fraternal Day, all the fraternal organizations of the state combining to make this one of the big days of the Fair.

Wednesday will be State Day, when the state sends its biggest delegation.

Thursday will be Milwaukee Day, and, if the weather is fair, it is expected that 100,000 people will pass the turnstiles. The record last year, largest in history for Milwaukee Day, was 62,400.

Friday and Saturday will be Automobile and Tractor Days, and they are expected to be hummers in attendance.

Automobile Show Shows Increase. Despite the fact that the Automobile Building contains 54,000 square feet

GERTSON A WAR AVIATOR.

Louis Gertson, who will fly day and night, is one of Uncle Sam's expert war aviators. He uses a big military machine and does all the stunts others have done, and many more. He has been flying many years, but this year marks his appearance as a star.

of space, the Automobile Show will be cramped for room, and the managers are seriously considering erecting a tent immediately to the west 500 feet long and 100 feet wide.

If this tent is used the State Fair Automobile Show will be the largest given in the world this year.

The Wisconsin State Fair will be so big and so valuable from an educational point of view that no one can begin to see all of it as it should be seen in less than three days and nights.

None but the cleanest amusements are tolerated, and there will be more than a plenty to entertain as well as inform and inspire.

Don't miss the 1917 State Fair!

GOVERNOR A GUEST WEDNESDAY.

Governor Philipp and other state officials will be present Wednesday, Sept. 12. Milwaukee officials will be present Milwaukee Day, Sept. 13.

Premiums; Classification Changes. Premiums this year amount to \$16,116.87, an increase of \$5,044.75, not including special cash prizes by breeders' associations of \$3,613 and cups and trophies amounting in value to over \$1,000.

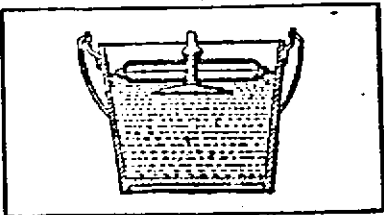

In the Horse department draft horse classes have been increased and the

DAIRY FACTS

CALF-FEEDER IS ARTIFICIAL

Combination Pacifier and Nurse Bottle Attachment for Milk Pails is Shown in Drawing.

Who has not more than once angrily kicked a calf "in the slats" while trying to teach it to take its liquid dinner from a pail instead of from its mother's udder in nature's well approved manner? But the new efficiency movement in the business of farming has approved the artificial method of feeding the calves so as to increase the income to be obtained from milking their mothers. Some ingenious son of a farmer seems to have set himself the task of devising some method of making the calf want to drink from the

New Calf-Feeder.

pail rather than simply, and more or less forcibly, making him drink from it. The result of that thinking is the combination pacifier and nurse bottle attachment for milk pails shown in the accompanying drawing. It consists of a metal float carrying a teatlike attachment on which may be placed a rubber nipple. This arrangement lets the calf hunt and suck all it wants to, but still forces it to draw its nourishment from the pail instead of from the maternal udder. All you have to teach it is to stick its nose downward instead of upward in order to get hold of the nourishing teat.—Farming Business.

DAIRY COW AND HER PRODUCT

Every Animal in Herd Should Be Tested Annually for Tuberculosis—Use Concrete Floors.

It is a good rule to have every cow in a herd tested at least once a year for tuberculosis.

To insure steady motion, a separator must be fastened to a solid foundation. A concrete floor gives this better than anything else.

Sometimes lack of exercise causes barrenness in dairy cattle. It is never well to allow the dairy cow to take on much fat. Always give her plenty of exercise.

The average cow in full milk flow will consume from 30 to 40 pounds of silage to advantage. Add to this some 10 pounds of dry fodder, and the roughage feed is complete.

Only concrete floors should be permitted in a dairy barn. They cost more, perhaps, originally, but they are the cheapest in the long run. For one thing, they make it possible to save some of the liquid manure, a very valuable item.—Clemson College Bulletin.

SIZE OF DAIRYMAN'S INCOME

Noticeable Increase Where Purebred Bulls Are Maintained—Scrubs Do Not Pay for Keep.

Figures recently compiled by the University of Illinois seem to show that there is a definite relation between a good bull and the size of the dairyman's income.

On 124 dairy farms where purebred bulls were kept at the head of the dairy herd, the average farm income was \$1,102 after deducting the taxes, interest on investment, etc.

On 103 dairy farms where a grade bull stood at the head of the herd the farm income was found to be \$731 per year, and on 83 farms where scrub bulls were used the farm income was \$243, or failed by \$241 to pay interest on the investment, to say nothing about pay for the owner's time.

FEEDING COWS WHOLE BEETS

Somewhat Larger Yield of Milk and Milk Fat Obtained Than When They Were Chopped.

In a foreign experiment with dairy cows it was found that the feeding of whole beets produced a somewhat larger yield of milk and milk fat than when chopped beets were fed, this increase probably being due to more complete mastication and utilization.

FARMERS' SLICE QUITE THIN

Not Much Money Left for Producer After Creamery Man, Railroad and Retailer Get Theirs.

By the time the creamery man gets his slice out of the milk profits, the railroad another slice, the commission man still another and the retail dealer his, the slice that is left for the man who ought to have the biggest slice of all is pretty thin.

SPECIAL CLEARING SALE

OF Summer Goods AT GOLDSTONE'S Beginning Friday, July 27th

We will put on sale Summer Goods of every description. Such as Wash Goods, Towels, Muslin Underwear, Aprons, Waists, Skirts, Shoes, Etc.

The Englishman's Burden
1. The British drink trade has destroyed during the war sufficient food to have supplied the entire British army during that time.

2. If Great Britain had prohibited drink in August, 1914, she would today have had a surplus of food equal to three months' supply instead of being faced by near-famine.

3. The British drink trade has during the war wasted shipping space equivalent to one trip of 5,100,000 tons.

4. The British drink trade has lent to the illness for 100 days of the entire United Kingdom.

5. The British drink trade has during the war resulted in a money waste equivalent to the last gigantic British loan of \$5,000,000,000.

Lost millions, lost food, lost labor, lost shipping space, lost men! (M. E. Temperance Committee Clipping)

A Christian Server Of Mankind
Governor T. C. Rye

When the angel of death beckoned to the world beyond Mrs. Silena M. Holman, president of the Tennessee W. C. T. U., and in response to the summons the unfiring champion of the white ribbon cause appeared before the Judge of the universe, there stood at the judgment bar no cringing, halting, stammering soul, but the soul of a woman, pure as the white ribbon she had worn for years, standing erect before the God, willing to be judged by the life she had lived here upon earth, was an open book, on each and every page of which was the record—a Christian woman whose life of some self-sacrifice, some noble deed, some generous act.

Whiskey and Grip
Commissioner Haven Emerson of the New York Board of Health has issued a warning against the use of whiskey cure and preventative for the grip.

The action by the Health Department authorities was the result of recent advertisements claiming whiskey to be a cure and preventative for the grip.

"There is nothing more injurious to the patient suffering from grip than whiskey," said Dr. Charles H. Haddon, director of the Bureau of Public Education of the Board of Health.

"Whisky drinking should be condemned in general, but for victims of colds and bronchial troubles, whisky acts as a poison. Such claims attributed to whisky are misleading to the public and do great harm."

HEAFFORD

Miss Lulu Garber visited her sister, Mrs. Olaf E. Olson Wednesday and Thursday.

Mrs. C. Jensen is on the sick list this week.

Mr. and Mrs. J. Garber visited Mr. and Mrs. F. Babcock of Manson, Sunday.

The stork visited the home of Mr. and Mrs. Erick Olson and left a nice baby girl Monday.

A Shafer of Cassian was in Heafford Monday.

Oscar Wogland was a Heafford caller Tuesday.

The dance at Heafford Friday evening was well attended; all report a very good time.

R. Bauer of Tomahawk attended the dance at Heafford Friday eve.

Jim O'Brien was in Heafford Friday.

Morris Selmers of Ladysmith is visiting friends and relatives this week.

John Garber attended the Royal Neighbor meeting at Smith's hall Saturday.

Olaf Olson was in Heafford Thursday.

Mrs. John McDonald and Lena Hartwick motored to Heafford Friday evening.

Lulu Garber visited Mrs. J. Parent Thursday.

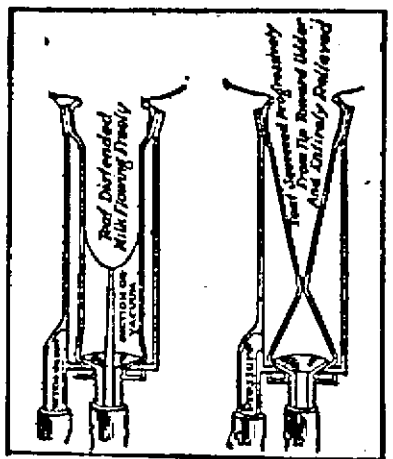

The DAIRY

GIVING AN UPWARD SQUEEZE

Illustration Given Herewith Shows How One of Standard Milk Machines Is Operated.

The drawing shown here illustrates how one of the standard milking machines draws the milk from the cow's teat. Any method of drawing the milk from the udder down through the teat also tends to draw blood from the veins of the udder down into the smaller veins of the teat. It is necessary that something shall keep massaging this blood back from the teat, so that it will continue in circulation. The comfortable upward squeeze does exactly this. This squeeze is adjustable, so that the

Machine in Operation.

operator, by turning a little lever, can give a heavier squeeze to a big-teated cow and a lighter squeeze to a small-teated cow. Thus each cow gets just the squeeze needed in her individual case—a feature that makes each cow give her maximum.

When the calf milks, its tongue has a squeezing action on the teat, the same as your tongue does if you place your finger in your mouth and suck it. This squeezing action of the calf's tongue keeps the blood in the teat in circulation. If the calf stopped squeezing, just sucked each swallow, it would slowly suck so much blood down into the veins of the teat that the teat would appear red and swollen.—Farmers Mail and Breeder.

RECORD OF BIG IMPORTANCE

Small Amount of Work Required to Keep Books If Done Regularly—Profit or Loss Shown.

It is a good thing to keep records of all the farm operations. They may seem trivial at the time, yet some day are sure to be of great value and are a great help and satisfaction in clearing up difficulties that frequently arise. It requires only a small amount of work to keep them if the work is done regularly and systematically. The very fact that records are kept makes one careful of details and interested in making the things of which the records are kept turn out the best. It helps one to have a firm grasp on his affairs and to know just where he stands in all his work. He knows whether he is running his farm or any branch of his farming at a profit or at a loss.

In no branch of farming are records of more importance than in dairying. It is of actual money importance to know whether a cow is making a profit on the feed she consumes or is eating more than she is worth.

VENTILATION OF DAIRY BARN

Where Air Is Good, Cows Should Remain In Stalls at Night Both in Summer and Winter.

If ventilation of the barn is good, cows should remain in the stall all night, both in summer and in winter. If ventilation is imperfect in very hot weather it would be advisable to turn them out in some clean lot or pasture, but in doing this considerable manure is lost.

During some of the colder days of winter it would be advisable not to turn cattle out except during short periods for watering. Chilly weather has considerable influence in reducing milk flow and a good cow should not be exposed to too severe climatic changes.

CULL OUT ALL THE LOAFERS

Big Increase in Profits Made by Farmer Who Weeded Out All Unprofitable Animals.

Merely by culling out the unprofitable cows one farmer reports that he was able to raise the milk receipts per cow from \$89 one year to \$180 the next, and the live-stock receipts per \$100 worth of feed from \$76 to \$178. This made it possible for the farmer to increase the profit \$1,500 on his farm in addition to what the farm contributed toward the living and after 3 per cent interest on the investment had been subtracted. The year previous the farmer had lost money.

TOMAHAWK LAKE

Mr. and Mrs. G. H. Dawes will leave Thursday night for their home in New York.

G. Summers from Minneapolis is now staying with the Hughesons.

A large crowd attended the dance Saturday night. Good music was furnished and all reported a good time. We hope Jerry will give another dance soon again.

Mrs. Staker of Wausau and Mrs. Clawson of Minocqua spent Sunday with Mrs. Shannon; they left Monday morning for Rhinelander to spend a few days with friends.

Mr. Angel transacted business in Rhinelander Monday.

Mr. and Mrs. G. F. Raduchel came up from Wausau in their car; they reported the roads are in very bad shape.

Mr. and Mrs. D. Shulls of Merrill are now spending a few days with their relatives.

Mrs. Boyanton and children spent Sunday with Mrs. Boyanton's mother, Mrs. H. J. Sparks.

John Guetsman came up from Wausau to go fishing, but the mosquitoes are too bad for him.

D. Wescott left for his home in Wausau after spending a few days with the Hunting and Fishing Club on the Wisconsin river.

Mr. and Mrs. J. McCullough are now in their cottage; they intend to spend the rest of the summer here.

Mrs. R. Worth shopped in Rhinelander one day this week.

Ed. Montgomery and son Aubrey shopped in Rhinelander between trains Saturday.

Ed. Kingsbury started working this morning for Jerry Dossart as bartender; he will stay the rest of the summer here.

The fish are biting good now a days and so are the mosquitoes.

H. Shannon of Appleton is now camping on the Wisconsin river. He will stay until business calls him back.

Mrs. A. Sawatskia had the misfortune of spilling a bottle of iodine on her foot yesterday.

MONICO

Mr. and Mrs. J. Kusch and children of Milwaukee spent the week end with relatives here.

Mr. and Mrs. G. Wiles spent a week visiting relatives at Summit Lake.

Hazel Farley of Marshfield spent a few days at the Murphy home.

Mrs. Knifin and baby returned to their home at Antigo Wednesday.

Chas. Smith purchased a new Ford auto last week.

Mr. and Mrs. Lagon, daughter Laura and Art Leith autoed to Eagle River in the latter's car Sunday.

Laura Lagon and Mrs. Kusch were Rhinelander shoppers Thursday.

Earl Smith was a Rhinelander caller Saturday.

Mrs. M. Wesolowski and children Minnie and George and Irene Carley autoed to Rhinelander Saturday.

CASSIAN

Mr. and Mrs. Eugene Marsh and baby Gerald, returned to their home west of Hazelhurst Saturday morning.

The barn being erected on the Osman Bros. farm is nearing completion.

Mrs. Ira Smith and daughter, Sybil were guests at the E. C. Farris home Sunday.

Ira Smith is at McNaughton and Minocqua today (Tuesday) on committee work for the county.

Frank Luce returned to Oshkosh Friday evening and will pack up his household goods and bring his children to Cassian to reside on the L. J. Marsh farm.

Mr. and Mrs. Pickett and Mrs. Matteson of Unity, Wis., returned to their homes Thursday morning, after attending the funeral of L. J. Marsh Wednesday.

Those of Cassian who transacted business at the county seat Monday were Mr. and Mrs. Dan Lee, Mr. and Mrs. Ira Smith and Sybil, Mrs. Farris, Mrs. Root, Mrs. Hawkins and Mrs. Camp.

Julius Osman went to Wausau after the new Overland he recently purchased.

CALLED UPON TO EXPLAIN

Here is a story that has been going the rounds in Oklahoma and that is worth passing on:

Nels Darling, who talks community interest to lyceum and chautauqua audiences, is the president of a bank in a town called Bessie, in Oklahoma.

He was there one day when he put in a long distance telephone call for Mr. Langford, state bank commissioner. Mr. Langford's secretary received the call, and turning to him, said: "Mr. Langford, here is Bessie on the line." Mr. Langford look the receiver and said, "Hello, Bessie, is this you, Darling?"

"At just this moment Mrs. Langford happened to step into the office."

Explanations were made promptly.

State of Wisconsin, Oneida County, In Circuit Court.

Oneida Building Co., a corporation, Plaintiff,

Edward Henneberry, Defendant.

The State of Wisconsin to the said Defendant:

You are hereby summoned to appear within twenty days after service of this summons, exclusive of the day of service, and defend the above entitled action in the Court aforesaid; and in case of your failure so to do, judgment will be rendered against you according to the demand of the complaint, of which a copy is herewith served upon you.

CHARLES F. SMITH, Plaintiff's Attorney.

Post Office address: First National Bank Bldg., Rhinelander, Wis.

The original summons and complaint herein are on file in the office of the Clerk of the Circuit Court of Oneida county.

J26-S6

State of Wisconsin, County Court, Oneida County—In Probate.

In re Estate of John R. Boileau, deceased.

Notice is hereby given, That at the regular term of said court to be held on the first Tuesday of September, A. D. 1917, at the court house in the city of Rhinelander, county of Oneida, and State of Wisconsin, there will be heard and considered, the application of Agnes Boileau for the appointment of an administrator of the estate of John R. Boileau late of the town of Minocqua, in said county deceased.

Notice is hereby further given, That at the regular term of said court to be held at said court house, on the first Tuesday of December, A. D. 1917, there will be heard, considered and adjusted, all claims against said John R. Boileau deceased.

And notice is hereby given, That all such claims for examination and allowance must be presented to said county court at the court house in the city of Rhinelander, in said county and state, on or before the 1st day of December A. D. 1917 or be barred.

Dated July 16, 1917.

By the Court, H. F. STEELE, Judge.

CHAS. F. SMITH, Attorney.

J26-A16

Notice of Hearing, Settlement and Assignment

State of Wisconsin, County Court for Oneida County—In Probate.

Notice is hereby given that at a special term of county court to be held in and for said county, at court house in the city of Rhinelander in said county, on the first Tuesday, (being the 4th day) of September A. D. 1917, at 10 o'clock A. M., the following matters will be heard and considered:

The application of Robert Olhoff, Administrator de bonis non of the estate of Clara Haas late of the town of Crescent in said county, deceased, for the examination and allowance of his final account of his administration, and for the assignment of the residue of the estate of Clara Haas deceased, to such other persons as are by law entitled to the same.

By order of the Court:

Dated July 21st, 1917.

H. F. STEELE, County Judge.

CHARLES F. SMITH, Atty. for Administrator.

J26-A16

Hint That Succeeded.

"She was inclined to be sentimental. He was nothing if not practical. 'Would that you could tell me how to mend a broken heart,' she said. 'I have known of cases where it has been done by splitting,' he replied. That was the remedy tried in this case."

Successful Appeal.

Judge—"Was that young Mr. Smith I saw leaving the house as I entered?" Daughter—"Yes, papa." Judge—"And didn't I prohibit him coming here any more?" Daughter—"Yes, papa, but he appealed to a higher court, and mamma has removed the injunction."

EARLY CASSIAN RESIDENT DEAD

(By Cassian Correspondent. Too Late For Last Issue.)

L. J. Marsh, an old resident of the town of Cassian, passed away at his home at 8:30 July 17, 1917, of heart failure at the age of 71 years, 5 months and 15 days. He was born at Antioch, Ill., and was married to Miss Celia Shanks, Oct. 3, 1875 at Dundee, Wis. They have resided at Crandon and Eland Jct., also Clark county and moved to Cassian on their homestead in 1902. He is survived by his wife who is lying ill at their home suffering from paralysis, two sons, Eugene of Hazelhurst, Roy of Bixby, S. D., and two daughters, Mrs. Myra Luce and Mrs. Cora Tresness. Three daughters preceded him in death, Celia who passed away at Bixby, S. D., in Dec. 1916, and two little girls, while they resided at Crandon. Funeral services will be held at the Lutheran church, Prairie Rapids, conducted by Rev. Madland of Merrill, and interment made in the local cemetery. The entire community extend sympathy to the bereaved relatives and hope for a speedy recovery for Mrs. Marsh.

NOW IS TIME TO POISON BUGS

(By W. D. Juday)

The last three or four warm days have hatched millions of potato bugs which demand the immediate attention of the potato growers. Poison these bugs before they have had a chance to seriously injure your vines and lessen your cash crop. A small amount of poison will kill the bug just after hatching but several times that amount will be required after the bug is a half or two thirds grown. Besides, in making that growth the bug has had to consume large areas of the food producing leaf surface. Your last spring's potato seed represents a big cash value and your crop promises to be a big price in the fall. You must do all you can to realize the maximum returns from this large investment. Safeguard a loss by spraying early.

Some farmers have a notion that after the vines get a certain size the bugs can no longer do the crop harm. This is a mistaken idea. The leaf surface of the plant manufactures the food for the tuber and anything that decreases the leaf area also decreases the yield of potatoes. Another thing bugs allowed

to develop in the fall live over winter in the soil, thus making another large bug crop for the next year. Start spraying just as soon as you see the first few egg masses begin to hatch.

DON'T CONTRACT TO SELL SPUDS

Letters have been sent to the Secretaries of the Council of Defense of the state, warning the farmers not to contract their potatoes for the fall crop to commission merchants. The letter says that reports have been received by the State Council of Defense to the effect that potato dealers and general commission men are at this time contracting with the farmers for their fall potato crop at prices ranging from 90 cents to \$1.10 per bushel.

The circular states that it is the usual practice of firms of this kind to make a contract with the farmer to take his entire crop and make a small deposit, anywhere from \$25 to \$100, depending upon the size of the crop. If the crop is small and potatoes are high the buyer will harvest the potatoes and sell them, otherwise the crop will be left in the ground to rot and the buyer is out the small deposit made. The farmers of Oneida county are warned not to make contracts to sell their potatoes. Wait and see what kind of a crop you are going to have, what the price will be, as ninety-nine times out of a hundred you will make more that way.

NEW PLAYGROUND

Children in large numbers are taking advantage of the new playground, at the Curran school, which is being conducted by Miss Helen Horst. Equipment for the amusement of the little folks has been placed on the grounds. All children are invited to enjoy the freedom of these grounds and they will be well taken care of while there.

CAKE FROM MRS. SQUIER

Company L boys were presented with a large cake Friday by Mrs. E. G. Squier. The cake came from Milwaukee and to use the expression of one of the boys, "every bite was a delight."

TAKES SUIT; NOW IN JAIL

Harvey Bertram was fined fifty dollars and costs in Judge Smith's court Saturday for appropriating a suit of clothes belonging to a friend. Being minus the cash Bertram will enjoy the hospitality of Sheriff Rodd for sixty days.

AD WOLGAST AT MINOCQUA

Ad Wolgast, former light weight champion of the world, Bud Kircham, sporting editor Milwaukee Free Press, and Raymond J. Cannon enjoyed two days of fishing and sight seeing in this city. The party spent Saturday at Carroll Lake with Ray Madden and Albert Winger as guides. Sunday they motored to the Lac du Flambeau Indian reservation where the former champion made friends with the Indians. During Wolgast's stay at Minocqua he made many friends and was very enthusiastic over this country. Both he and Mr. Kircham expressed their desire to come up here again in the fall.

AUTOISTS HURT

Alfred Denoyer and his mother, Mrs. Alex Denoyer, former Rhinelander residents, were injured recently in an auto accident, the following account of which is taken from the Vilas County News:

Alfred Denoyer of Minocqua is now in the Green Bay hospital suffering from internal injuries, and his mother, Mrs. Alex Denoyer is at her home in Minocqua under physician's care, the result of an automobile accident which happened Sunday near Big St. Germain dam. Mr. and Mrs. Alfred Denoyer and three children and Mr. and Mrs. Alex Denoyer, occupants of the Denoyer car, were on their way Sunday from Minocqua to Eagle River for a visit with Mr. and Mrs. Arthur Denoyer. At a point a half mile east of the Big St. Germain dam while running at an average speed the steering wheel became disconnected causing the car to leave the road and turn turtle.

All of the occupants were pinned under the car except Alex Denoyer and a small child and of the seven only two were injured. Alfred was injured internally and was taken to the Green Bay hospital that same evening. His mother, Mrs. Alex Denoyer, was hurt about the chest and back but was able to be taken to her home at Minocqua.

CHEVROLET CAR POPULAR

Rhinelanders are rapidly beginning to realize that the Chevrolet is one of the best popular priced cars on the market. Matt Kristensen, local agent for the Chevrolet, has disposed of a large number of these cars this year and last week received another carload for which he found ready sale. He also has many prospective customers.

Mr. Gibson of Crandon was a caller to Crandon Friday.

Mr. and Mrs. P. E. Palbaska were here Saturday.

Mr. and Mrs. P. E. Palbaska, Mr. and Mrs. J. A. Krzaska autoed to Rolling Stone Lake Sunday and caught a nice mess of fish.

Mr. Helmsstrom of Crandon autoed to town last week.

All the Jennings boys who belong to the W. N. G. spent Saturday evening and part of Sunday at their homes here.

EAGLE RIVER

(Eagle River Review)

Walter Shipman and family arrived Monday via automobile from the Judith Basin district of Wyoming. Although Vilas county was the objective, point, it was a trip undertaken with the intention of buying a farm and establishing a home wherever the prospects seemed most favorable. In view of this, and the distance traversed it is almost remarkable that the journey continued as far as Eagle River. After arrival and inspection of various tracts they purchased eighty acres of the Sanborn Co. in the Sanborn district near Anvil lake. We have published many articles relating to the agricultural worth of Vilas county but none we think which equals this in force.

With the completion of repairs at the light and water plant which converted the second floor of the building into living rooms last week they were occupied by Superintendent Ira Rand and family. This ought to be satisfactory to every one as it gives the superintendent his home and work all under one roof, and patrons of the plant direct communication with it at all times.

John Ulrich and crew of cement workers are putting in some needed sidewalk on First and Spruce Sts. After that they will mount the cannon secured from the government recently in the court house square, the ordinance pieces and balls together with said mounting being a donation from Eagle River to Vilas county and a very appropriate one.

L. L. Denton of Conover went to Appleton Monday returning next day with Mrs. Denton who had an operation performed there last week.

Bruno Ewald is back on the job again at Ewald Bros. store after a week's outing as an inmate at the Appleton hospital.

Geo. St. Louis and family arrived this morning from Calgary, Canada, to visit among old friends. The trip was made by auto covering a distance of 1800 miles.

Mr. and Mrs. Percy Morgan left yesterday for Chatfield, Minn., for the purpose of introducing Percy to his new relatives there, making the trip by auto.

MINOCQUA

Speed Cap Clawson bagged several speed artists during the past ten days. Perry Leavitts of Chicago and Henry Janeson of Kenosha were fined in Municipal court. Geo. Chemist was released after arrest as investigation showed that a child was being carried from Boulder to Minocqua to receive medical aid.

Ernest Boileau in relevant case in Municipal court won possession of a diamond ring belonging to the

late John R. Boileau. The case was appealed to circuit court. A. J. O'Melia was attorney for the plaintiff and Judge Smith for the defendant.

Lee V. Jossart, the first member of the local G. G. Club to enlist in Uncle Sam's Army, had been promoted to corporal at Douglas, Ariz., and just recently promoted to Sergeant. All of Lee's friends are glad to hear of his advancements and wish him the best of luck. Unusual praise and joy are shown by his old school mates and club fellows.

Rev. and Mrs. John Christopherson of North Middleton, Kan., are spending their summer vacation with Mr. Christopherson's brothers Sever and Conrad at this place. Mr. Christopherson is known as one of the best social center workers in Kentucky if not the entire South. Recently daily papers of his home state devoted columns to the work which Mr. Christopherson has done in his community with the church as a center. Besides being pastor of the church and general adviser of his people he is principal of the school run in connection with the church.

Ethel Small arrived home from Milwaukee Saturday where she remained after the normal school session to undergo an operation for appendicitis. She is now getting around very well.

R. G. Lowell of the firm of Lowell and Chaffey of Rhinelander was up looking over the plumbing job on the Nelson cottage on Squirrel Lake, Monday.

NOTICE TO CONTRACTORS

Sealed bids will be received up to the hour of 2 P. M. Saturday, August 4, at the New North Office, for the construction of a one room frame school building to be erected on the school grounds in the Town of Cassian, District No. 2.
